

Soft Xpansion - PDF & Print Product Family

Offer of the Month

PDF & Print software - powerful applications, attractive prices!

Each time, the [Offer of the Month](#) features a new software bargain presented by soft Xpansion. Benefit from discounts of up to 50 % for our PDF & Print programs. In special cases, even less than half the price will be possible.

Dont´ t miss these offers and have a look at our [Offer of the Month](#) regularly!

PDF Tools for Software Developers

PDF Xpansion SDK: powerful Software libraries for your applications!

The [PDF Xpansion SDK](#) ist a set of solutions for software developers. It provides various tools to implement PDF functionality into the Windows applications you develop.

[Version 11](#) includes support of Windows 10 and of the UWP platform. It includes a API for the implementation of PDF-based e-invoicing (ZUGFeRD format), a XMP API and it enables developers to implement the use of dynamic forms (XFA format).

Apps for Tablets & Phones

Products for mobile devices: PDF apps for your tablet and for smartphones.

The [Windows Store](#) offers several PDF apps developed by soft Xpansion for tablets (Win RT) and smartphones (Windows Phone): freeware ([PDF Xpansion Reader](#)) and [Perfect PDF apps](#) for various scopes of interest - PDF creation, conversion, commenting, changing the document structure, digital signatures or protection against unauthorized access by applying professional encryption. The apps are available in ten languages.

Support, Updates, Product Activation

Technical Support
